

Non-Presence of SVHC

July 1, 2024

Absence of REACH Substances of Very High Concern in Ti-Pure™ Titanium Dioxide Pigments

Dear customer,

The intent of this letter is to clarify how Ti-Pure™ Titanium Dioxide Pigments are affected by the REACH 'Candidate List'. As supplied, there are no substances intended to be released from these products as defined by article 7(1) under normal or reasonably foreseeable conditions of use.

Chemours Titanium Technologies confirms that, to our current knowledge, the above products do not contain any of the substances listed on the Candidate list¹ of Substances of Very High Concern (SVHC), as published on the ECHA website June 27, 2024, in an individual concentration of ≥ 0.1 % by weight.

We also confirm that, to our current knowledge, the above products do not contain any of the SVHC of the authorisation list², also known as Annex XIV, in an individual concentration of ≥ 0.1 % by weight.

We are committed to comply in every respect to the requirements of REACH and relevant amendments. At present we do not expect any anticipated Substances of Very High Concern to be in our above products requiring reporting to the supply chain.

Should you have any questions, please contact us. Thank you for your interest in Ti-Pure™ products.

Sincerely,
Titanium Technologies
